

Izpitne teme v obeh priporočenih učbenikih		
Kumar V, Abbas AK, Aster JC. Robbins BASIC PATHOLOGY, 11. izdaja. Elsevier 2022		
Pogl.	Naslov poglavja	Izpitne teme
1	Cell injury, cell death, and adaptations	Poglavje v celoti
2	Inflammation and repair	Poglavje v celoti
3	Hemodynamic disorders, thrombosis, and shock	Poglavje v celoti
4	Genetic and pediatric diseases	Marfan syndrome Cystic fibrosis Congenital anomalies Respiratory distress syndrome of the newborn
5	Diseases of the immune system	Poglavje v celoti
6	Neoplasia	Poglavje v celoti
7	Environmental and nutritional diseases	Effects of tobacco Effects of alcohol Injury produced by ionizing radiation
8	Blood vessels	Poglavje v celoti
9	Heart	Vse razen Congenital heart diseases
10	Hematopoietic and lymphoid system	White cell disorders
11	Lung	Poglavje v celoti
12	Kidney	Poglavje v celoti
13	Oral cavity and gastrointestinal tract	Vse razen Infectious enterocolitis
14	Liver and gallbladder	Poglavje v celoti
15	Pancreas	Poglavje v celoti
16	Male genital system and lower urinary tract	Vse razen Sexually transmitted diseases
17	Female genital system and breast	Poglavje v celoti
18	Endocrine system	Thyroid Complications of diabetes
19	Bones, joints and soft tissue tumors	Soft tissue
20	Peripheral nerves and muscles	Peripheral nerve sheath tumors
21	Central nervous system and eye	Tumors
22	Skin	Poglavje v celoti
Cross SS. Underwood's PATHOLOGY, 7. izdaja. Elsevier 2018		
Pogl.	Naslov poglavja	Izpitne teme
1-3	What is pathology? What is disease? What causes disease?	Nič
4	Disorders of growth, differentiation and morphogenesis	Poglavje v celoti

5	Responses to cellular injury	Poglavje v celoti
6	Disorders of metabolism and homeostasis	Cystic fibrosis Oedema and serous effusions Tissue depositions
7	Ischaemia, infarction and shock	Poglavje v celoti
8	Immunology and immunopathology	Poglavje v celoti
9	Inflammation	Poglavje v celoti
10	Neoplasia and carcinogenesis	Poglavje v celoti
11	Aging and death	Nič
12	How do pathologists help patient care?	Nič
13	Cardiovascular system	Vse razen Congenital cardiovascular disease
14	Respiratory system	Poglavje v celoti
15	Alimentary system	Vse razen Bacterial, viral, fungal, parasitic infections
16	Liver, biliary system and exocrine pancreas	Poglavje v celoti
17	Endocrine system	Thyroid Diabetes mellitus - Complications
18	Breast	Poglavje v celoti
19	Female genital tract	Poglavje v celoti
20	Urinary and male genital tract	Poglavje v celoti
21	Kidney diseases	Poglavje v celoti
22	Lymph nodes and extranodal lymphoid tissue, spleen and thymus	Lymph nodes
23	Blood and bone marrow	Neoplastic disorders of the bone marrow
24	Skin	Poglavje v celoti
25	Osteoarticular and connective tissues	Connective tissue
26	Central and peripheral nervous systems	CNS tumors Peripheral nervous system - Tumors and tumour-like conditions
