

Novice št. 1; Oktober 2019

Po uspešni pripravi in podpisu pogodbe iz strani vseh treh partnerjev, tj. Univerze v Ljubljani (UL MF), kot koordinatorja projekta, ter Katoliške Univerze v Leuvnu (KU Leuven) in Medicinske Univerze v Grazu (MU Graz), je oktobra potekalo prvo delovno srečanje.

Partnerji so se srečali v prostorih Medicinske fakultete v Ljubljani v soboto, 8. oktobra 2020. Udeležence sta sprejela prof. dr. Ribarič, glavni koordinator projekta, in prof. dr. Šput, bivši Dekan Medicinske fakultete in predstojnik Centra za klinično fiziologijo. Predstavnika iz KU Leuven sta bila prod. dr. Marc Van Hulle in dr. Elvira Khachatryan, iz MU Graz pa je bil prisoten Stefan Ropele.

Srečanje je potekalo v sproščnem, a izjemno učinkovitem vzdušju. Partnerji so dorekli vse potrebne korake za tekoče delovanje projekta in uspešen prenos znanja na slovenske raziskovalce, hkrati pa izkazali velik interes po skupnem raziskovalnem udejstvanju v prihodnosti.

Newsletter nr. 1; October 2019

Kick-off meeting in the beginning of October was the first official working meeting of all three COGDEC project partners – University of Ljubljana, represented by the Faculty of medicine (UL MF), as the lead partner, Katholieke Universiteit Leuven (KU Leuven) and Medical University of Graz (MU Graz).

The kick-off meeting took place in the premises of Faculty of medicine in Ljubljana, Slovenia, on Saturday, October 8th 2020. The hosts from Faculty of medicine was Prof. dr. Ribarič, project coordinator, and prof. dr. Šput, former Dean of the UL MF. Prof. dr. Marc Van Hulle and dr. Elvira Khachatryan were representatives from KU Leuven, and MU Graz was represented by prof. dr. Stefan Ropele.

The meeting was successful, and participants were able to set all the necessary tasks and milestones to achieve the goal of the project and enable knowledge transfer to Slovenian researchers. In addition, all three parties expressed great interest in applying for and working in joint research projects in the future.
